

Energizer

Discover how
Energizer Lithium batteries
can power your business needs...

The World's
LONGEST LASTING
AA and AAA batteries*

What are the benefits of Energizer Ultimate Lithium:

- Up to 33% lighter than standard alkaline batteries, ideal if you want to reduce weight in battery operated devices
- They work in extreme temperatures from -40°C to +60°C so ideal for arctic or desert conditions
- Ultimate Lithium outperforms standard alkaline by 7 times, giving you longer run time between battery changes
- The L91/L92 are ideal for Night Vision Goggles, Handheld GPS Receivers, Headsets, Radio Communications especially Emergency Backup Systems (A maritime legal requirement) and Medical Devices
- Has a shelf life of 15 years
